Toronto, Ontario Oct 6, 2023 ([Issuewire.com](https://www.issuewire.com)) - Ontario's Cyber Security Centre of Excellence will be hosting its fourth annual cybersecurity conference for the Broader Public Sector (BPS) on Tuesday, October 10 and Wednesday, October 11. This year's conference theme is *Strengthening the Broader Public Sector* and focuses on teaching organizations how to improve their cyber skills and knowledge to recognize and mitigate cyber threats. [Registration for this event](#) is free of charge and is open to all members of the BPS.

Geared towards the BPS, [Ontario's 2023 Cyber Security Conference](#) will give participants multiple opportunities to engage both in-person and online through panel sessions, interactive learning exercises, workshops and networking events led by cyber security experts. The event also features dedicated sector sessions for those working in health, education, and municipalities. Attendees will also have the opportunity to hear updates from the Ontario Government's Cyber Security Expert Panel representatives on their report for improving digital resilience throughout the BPS.

"Join us on October 10th and 11th for our fourth annual Cyber Security Conference, Strengthening Ontario's Broader Public Sector! This two-day hybrid event is an exciting opportunity to network with top industry leaders and to attend impactful discussions on how broader public organizations can strengthen their digital resiliency and gain a better understanding of the current cyber security landscape from a local and global perspective. The conference agenda is packed full of amazing activities, including interactive breakout sessions and workshops, live tabletop exercises, career building and networking opportunities and so much more!" - Daniela Spagnolo, Interim Chief Information Security Officer, Cyber Security Division at the Ministry of Public and Business Service Delivery.

“siberX is delighted to announce our partnership with the Province of Ontario for the upcoming Cybersecurity Conference. By joining forces, we aim to foster innovation, strengthen cyber defenses, and propel Ontario to the forefront of cybersecurity excellence by creating new avenues for innovation and collaboration. We are proud to be part of this initiative, driving forward the mission to strengthen cybersecurity in Ontario and beyond.” - Mahdi Raza, CEO, siberX.

Come join Ontario’s Cyber Security Centre of Excellence on October 10 and 11 either online or in-person at the Sheraton Parkway Toronto North Hotel & Suites in Richmond Hill, Ontario, to learn more about how to protect your organization against rising cyber threats. [Registration is open on cybersecurityontario.ca!](https://cybersecurityontario.ca)
