

Super Excited to Announce Managed Cloud hosting services to Discover Unmatched Performance with Accuweb Cloud.

City of Orange, New Jersey Oct 16, 2023 ([Issuewire.com](https://www.issuewire.com)) - [Accuweb Hosting](https://www.issuewire.com) is expanding its services with the launch of [Accuweb.cloud](https://www.issuewire.com), a subsidiary dedicated to cloud solutions that provide Platform-as-a-Service (PaaS) and container-based services. This move represents a significant milestone in Accuweb Hosting's commitment to providing comprehensive services to its customers. Accuweb.cloud empowers businesses with scalable and flexible application development, deployment, and management infrastructure.

Enjoy the advantages of portability and seamless collaboration with your team, regardless of your location. Our comprehensive service package includes support and access to various applications such as [WordPress](https://www.issuewire.com), Drupal, and Joomla and programming languages like Python, Java, and PHP. Additionally, we support multiple databases, including Redis, Mongo DB, and Maria DB, along with object storage solutions to meet your diverse business needs. Accuweb Cloud provides self-managed as well as managed services.

In Managed services, we will manage your container, applications, External SSL installation, Control Panel installation and configuration, Migration, 24*7 chat, and ticket support.

Accuweb Hosting, known for its exceptional customer care and hosting reliability, launched Accuweb.cloud in response to the growing demand for cloud-based services to meet its clients' evolving needs. The new subsidiary offers cloud solutions that streamline application development and management while relieving businesses of infrastructure management tasks.

Accuweb.cloud focuses on solutions that align with the company's core values of exceptional customer support, reliability, and affordability. As part of the Accuweb family, clients can expect seamless integration between web hosting and self-managed and managed cloud services, simplifying operations and optimizing performance.

This expansion reflects Accuweb Hosting's commitment to delivering reliable, secure, high-performing solutions customized to its clients' unique business requirements. For more information about Accuweb.cloud and its solutions, please visit [Accuweb.cloud](https://www.issuewire.com).

About Accuweb Hosting: Accuweb Hosting has served customers globally since 2002, providing [web hosting](https://www.issuewire.com), [VPS hosting](https://www.issuewire.com), Dedicated servers, and cloud solutions. With a strong focus on customer support, reliable infrastructure, and innovative technologies, Accuweb Hosting helps businesses establish a strong online presence & thrive in the digital landscape.
