

WPWeb Infotech Releases “WordPress Website Maintenance Packages

Ahmedabad, Gujarat Oct 30, 2023 ([Issuewire.com](https://www.issuewire.com)) - For the past 8 years, WPWeb Infotech Pvt. Ltd. has helped businesses of all sizes create and maintain successful WordPress websites. In fact, they managed to secure a position among the household names in the industry, with Clutch recognizing them among the best companies for WordPress development.

However, WordPress development is not limited to creating high-quality websites. For every website, whether it's a single-page portfolio or a fully-fledged eCommerce store, regular maintenance is key to ensuring the best results. That's why WPWeb Infotech has released [WordPress website maintenance packages](#). These packages cover,

- On-demand Core and Extension Update
- Performance Checks
- Website Security Checks
- Design Support

- Technical Expertise Support
- Malware Scans
- Database Backup and Optimization

You can opt for these packages on a monthly, quarterly, or half-yearly basis. The Basic plan at \$499 per month offers 20-25 hours of maintenance work per month, among other benefits.

“We’re excited to launch our new WordPress website maintenance services,” said Jigar Shah, Founder and CEO of WPWeb Infotech. “Our WordPress website maintenance services take the hassle out of website maintenance so you can focus on running your business.”
