 Guadalajara International Book Fair®

Guadalajara, Jalisco Nov 22, 2023 ([IssueWire.com](https://www.issuewire.com)) - Esteemed author Eric Valdespino is set to participate in the prestigious Guadalajara International Book Fair 2023, taking place from November 25 to December 3, 2023. His latest book, "Last Alien Encounter," will be exhibited under the Authors Press company and will be available for purchase at the Authors Press booth NN43.

"Last Alien Encounter" is a riveting tale that transports readers back to a time when ancient nomadic people encountered giant aliens from another exoplanic world. The book is priced at \$19.99 for the paperback edition, and the Kindle edition price will be announced soon.

The story unfolds as a small nomadic family migrates across the land bridge between eastern Siberia and Western Alaska. They stumble upon a group of aliens mining for a rare blue crystal in a remote area in North America, now known as Absaroka Mountain in Montana. The aliens, revered as Gods from the sky, disappear one day, leaving behind the blue crystal. The book is filled with intrigue, greed, and the ultra-high net-worth individuals of the world. It also reveals fascinating alien technology of nanoscience and intricate autonomous systems and devices that are a mystery to humans.

Eric Valdespino, the pen name of Richard Eaton, is a self-employed entrepreneur who enjoys his successful business. He and his lovely wife Trish live in a gated community in Henderson, Nevada.
