

CleverGet for Mac V14.0.0 Release Brings New CTV/MyFans/ZDF/ARD Downloader Modules and Fixes Bugs

CleverGet today introduced new CTV/MyFans/ZDF/ARD Downloader modules in Mac V14.0.0 release. Plus, several bugs were fixed to enhance video download experience for users.

Shenzhen, Guangdong Dec 5, 2023 ([Issuewire.com](https://www.issuewire.com)) - [CleverGet](https://www.cleverget.com), a leading multimedia download solution provider trusted by millions of worldwide customers, today officially introduced 4 new modules in the latest Mac V14.0.0 update – CTV Downloader, MyFans Downlaoder, ZDF Downloader, and ARD Downloader. These modules allow users to easily download high-quality videos from ctv.ca/myfans.jp/zdf.de/ardediathek.de, and save them as MP4 or MKV files. With advanced video parsing and downloading technology, it allows users to efficiently download videos in batches at high speed.

"We understand the importance of being able to download videos for offline viewing," said Stone Brooks, the Product Leader of CleverGet. "With the latest update, CleverGet expands its support for more websites, enabling users to download videos from their favorite platforms. We're proud to say that CleverGet now supports over 1000 mainstream websites."

The Latest Update of CleverGet for Mac V14.0.0 Includes:

- Added [CTV Downloader](#) module to download movies, TV shows, and other channel's on-

demand videos from CTV with desired audio tracks and subtitles.

- Added [MyFans Downloader](#) module to download MyFans videos to 1080P full HD quality MP4/MKV files with hardware acceleration.
- Added [ZDF Downloader](#) module to download up to 1080P films, series, and other on-demand videos from the ZDF media library to MP4/MKV easily.
- Added [ARD Downloader](#) module to download ARD Mediathek films, series, and other on-demand videos at up to 1080P resolution in clicks.
- Solved the issue of the XDL pop-up window requiring login when parsing videos on onlyfans.com and nhk-ondemand.jp websites.
- Unlock the daily download limit of Apple TV+ videos.
- Optimize the program to reduce memory usage.
- Fixed other known issues.

How to Download Videos from CTV/MyFans/ZDF/ARD?

Downloading videos from CTV, MyFans, ZDF, and ARD is now easier than ever with CleverGet. The user-friendly interface provides a simple four-step process:

Step 1: Download and install CleverGet on your computer.

Step 2: Enter the source video URL in the address bar. If required, log in.

Step 3: Click the “Analyze” button.

Step 4: Select the desired video in the pop-up window and click the “Download” button.
