

Johnny Y. Xie, MD, a Facial Plastic and Reconstructive Surgeon with Duly Aesthetics

Get to know Facial Plastic and Reconstructive Surgeon Dr. Johnny Xie, who serves patients in the western suburbs of Chicago, Illinois.

New York City, New York Nov 28, 2023 ([Issuewire.com](https://www.issuewire.com)) - A skilled facial plastic and reconstructive surgeon, Dr. Xie is affiliated with Duly Aesthetics (formerly known as the DuPage Medical Group), working with patients in the southwestern suburbs of Chicago primarily in Orland Hills, IL. With a unique concentration in cosmetic and reconstructive facial surgery, he specializes in procedures such as cosmetic and “breathing” rhinoplasty, skin cancer reconstruction, facelift, brow lift, and eyelid surgery,

to name a few.

In every interaction, Dr. Xie prioritizes providing patients with unwavering support, up-to-date information, and the latest technological advancements in the field. Whether in a clinical setting or the operating room, he dedicates whatever time is necessary to ensure safe, efficient, and compassionate care, empowering patients and their families to make well-informed decisions.

Educated in the United States, Dr. Xie's comprehensive training background includes a medical degree from the Johns Hopkins University School of Medicine, followed by residency in Otolaryngology-Head and Neck Surgery at the University of Michigan Medical School. He further honed expertise through completing a Facial Plastic and Reconstructive Surgery fellowship under the mentorship of Dr. Edwin Williams, former president of the American Academy of Facial Plastic and Reconstructive Surgery and an influential member of the field.

As a member of prestigious organizations such as the American Academy of Facial Plastic and Reconstructive Surgery, the American Academy of Otolaryngology—Head and Neck Surgery, and the American Medical Association, he remains at the forefront of advancements in the field. His dedication and contributions have been recognized with various awards and accolades, including the American Academy of Otolaryngology—Head and Neck Surgery CORE Resident Research Award and the University of Michigan Paparella Research Award.

Facial Plastic and Reconstructive Surgery is a surgical specialty involving the restoration, reconstruction, or alteration of the human face and neck. It can be divided into two main categories – reconstructive surgery and cosmetic surgery. A facial plastic surgeon's primary responsibility is performing surgical and non-surgical procedures of the face and neck, and they use a variety of reparative and reconstructive techniques to get the job done.

Speaking several languages, Dr. Xie is fluent in English, Mandarin, and Cantonese. His personal interests include traveling with family, spending quality time with a supportive husband, drawing, painting, photography, hiking, and cooking.
