

Lumary Smart Outdoor Light Bar --- Bring Superior Lighting and Decorative Effects to Architectural and Interior Designs!

Los Angeles, California Nov 7, 2023 ([IssueWire.com](https://www.issuewire.com)) - Lumary, a leading brand in the smart lighting industry, has always been committed to bringing the best quality products with the perfect blend of technology and design. Proud to announce the launch of a new line of [smart outdoor wall wash light bars](#). This unique lighting fixture has become a favorite among designers and home decorators to create more ambient and aesthetically pleasing indoor and outdoor environments.

In the field of LED wall washer lights, Lumary has pioneered the development of the RGBAI+WW LED chip, which creatively realizes a 2200K warm white light effect. The outdoor light bar is adjustable to a soft amber color to create a warm, cozy, and relaxing atmosphere in any setting and mood.

Lumary RGBAI technology displays multiple colors simultaneously, each wall washer light is divided into 6 segments that can be controlled individually, offering countless design options, stunning light effects and extensive DIY funs. With Lumary RGBAI outdoor light bar, you'll find more vivid lighting effects to brighten up your home.

[Lumary outdoor smart wash light](#) bar with a 120° beam angle is an excellent choice for achieving fully balanced wall illumination. Whether using single color or mixed colors, it is enough to illuminate walls over 3m high, ensuring that the entire wall is evenly bathed in light, providing a pleasing visual effect.

Lumary smart wash light bars have undergone rigorous testing, demonstrating their ability to endure extreme temperatures ranging from -4°F to 140°F. Made of aluminum material, it has excellent heat dissipation. IP65 waterproof rating can resist bad weather such as rainy and snowy days. The 22AWG durable cable is thicker and comes with an ETL-certified adapter and a lifetime of up to 15,000 hours. [Smart RGB outdoor light](#) bar is greatly suitable for both indoor and outdoor lighting.

Lumary smart outdoor light bar can not only automatically recognize the music on the mobile phone, but also recognize and synchronize the lights with the rhythm of external music. You can create your own atmosphere according to different occasions, such as parties, weddings, churches, events, etc.

As with all Lumary products, fully consider the usage habits of each member of the family and provide a variety of control ways, including Lumary APP control, voice device control, and control box control, so that every member of the family can find what control way they like. With the Lumary app, users can easily customize colors and set timers for light control. Additionally, compatible with Amazon Alexa and Google Assistant for hands-free control. The control box provides easy control with 1 key even without a network.

Lumary smart wash light bar represents innovation in lighting technology and attention to customer needs. Not only do these fixtures provide superior lighting, but they also incorporate modern design elements that enhance the appeal of the space. Believe that this series will improve people's quality of life and enhance the aesthetics of spaces.

Lumary Smart Outdoor Wall Washer Light Bar is now available for purchase on Amazon.com and Lumarysmart.com. Visit Lumary's official website today to learn more and to see the lighting effects of the new outdoor wall washer light bar collection.
