MDK: Giving Children Guitars Not Guns:

Our team caught up with MDK The Rockstar Donating Fender Stratocaster Guitars to the global headquarters of the Five Points Youth Foundation, a Los Angeles-based, non-profit organization that works to revitalize communities in south LA, with programs that emphasize neighborhood empowerment, economic development, social entrepreneurship and civic engagement, utilizing concepts of regenerative design and sustainability to enhance and make positive change in the world around us, in conjunction with SilkyD Williams, Entertainment Director - UHHM West Coast Region.

MDK: “For me, giving is transformative. Considering some of the hurdles that I have been faced with, I feel compelled to follow in the direction of those who helped and inspired me, and do my part to help others.”

MDK: “I believe that by sharing instruments and musical experiences, children who would not otherwise have the opportunity can experience a kind of freedom and self-discovery that's often stifled in an atmosphere of economic hardship.”

MDK: My mission is putting quality musical instruments into hungry hands. We want to serve children who demonstrate a desire to learn music.

(After asking we found that he donates the guitars independently without sponsors.)
