

New Report Reveals Data and Insights on Bookstore Sales in the U.S.

Dallas, Texas Nov 10, 2023 ([Issuewire.com](https://www.issuewire.com)) - Legendary Everett, a new website dedicated to all things books, has released a free report titled [Monthly Retail Sales from Bookstores: Data Analysis and Insights](#). The report provides a comprehensive overview of the trends and patterns of retail sales from bookstores in the United States from January 1992 to August 2021, based on data from the U.S. Census Bureau.

The report covers various aspects of the retail sales from bookstores, such as:

- The seasonal fluctuations and how they affect bookstore sales
- The impact of the COVID-19 pandemic on the bookstore industry
- The comparison of bookstore sales with other retail sectors
- The forecast for the future of bookstore sales and the book market

The report also offers insights and recommendations for bookstore owners, managers, and marketers on how to optimize their sales strategies and increase their profitability in the changing landscape of the book industry.

The report was created by the data scientists and industry insiders of Legendary Everett, a new website that offers data analysis and insights on various aspects of the book market, such as genres, authors, publishers, and trends. Legendary Everett aims to be a valuable resource for book lovers, book professionals, and book researchers.

“We are excited to share our new report with the public, as we believe it offers valuable insights and guidance for anyone interested in the bookstore sales and the book market. We hope that our report will help bookstore owners and managers to better understand their customers, their competitors, and their market, and to make data-driven decisions that will boost their sales and growth,” said Everett Smith, the founder and CEO of Legendary Everett, and a renowned data scientist and author.

The report is available for free on the Legendary Everett website, <https://www.legendaryeverett.com>.
