Norwalk, Connecticut Nov 22, 2023 ([Issuewire.com](https://www.issuewire.com)) - Soul-pop singer-songwriter and December Records recording artist **Jovian** has issued a Thanksgiving statement to his many friends, fans, and family members around the world, thanking them for the massive success of his 2023 album "JOVIAN 2000 AD."

"I worked on this album for 3 years so it feels like my child is taking their first steps haha. Thank you to everyone who has taken even a second out of their day to listen to this body of work. It means more than I can express & I'm excited to continue to create from a place of authenticity & honesty moving forward. We are only just starting!" said Jovian.

The 10-song throwback-futuristic album was first introduced to music lovers around the world with the single, "I'm Ready." The beautiful song was written by Jovian and Kay'vion and produced by Jovian and Blood Cultures. It was then followed by the infectious "[Laser Discs.](#)" Other songs which have enjoyed massive streaming success include "[Oceans.](#)" and "[Earl Grey.](#)"

Discussing the concept of the album, Jovian said: *"I was extremely obsessed with the 70s/80s sci-fi*

films and how wrong they were at depicting our future. I thought "what would that future have sounded like?" and that birthed the whole concept & sound of the album. Alternative sounds from an alternative world."
