

Terramor Outdoor Resort Bar Harbor Celebrates Giving Tuesday With Donation To Friends Of Acadia

Since March 2023, \$1 Of Each Direct Online Terramor Booking Has Been Set Aside For The Bar Harbor Nonprofit

Bangor, Maine Nov 22, 2023 ([Issuewire.com](https://www.issuewire.com)) - After the conclusion of another successful season, [Terramor Outdoor Resort Bar Harbor](#) continues its commitment to conserving the natural beauty, ecological vitality, and distinctive cultural resources of Acadia National Park and its surrounding communities by providing \$1,600 to its partners at Friends of Acadia (FOA) this Giving Tuesday. In March of this year, the resort set aside \$1 from every direct online booking for the Bar Harbor-based nonprofit. Additionally, the resort hosts weekly 'Pints For A Purpose' events on the property which help raise funds and awareness for the conservation group.

"Terramor is proud to partner with Friends of Acadia. We believe in their mission and hope this donation and our ongoing partnership will aid them in inspiring future generations," said Toby O'Rourke, CEO of Kampgrounds of America, Inc. which owns the Terramor brand. "Our resort strives to be a valuable part of the Mount Desert Island community. We want to ensure that this beautiful part of the world is preserved for generations to come."

Founded in 1986 by locals who had an enthusiastic love for [Acadia National Park](#) and its surrounding communities, Friends of Acadia has become a leader in providing financial support to one of America's most visited National Parks. FOA understands that experiences and education foster appreciation and knowledge, and thus creates programs to involve and educate the public on the importance of conservation, engagement, sustainability, and stewardship.

"Terramor has consistently demonstrated a commitment to generosity, creativity, and being an outstanding conservation partner," said Lisa Horsch Clark, FOA's Vice President of Development and Donor Relations. "We extend our heartfelt thanks for their contributions that enable so much positive impact at Acadia National Park."
