

The real estate manager Domenico Amicuzi highlights the real estate contribution to Sustainable Development Goals

Italian real estate manager, Domenico Amicuzi, highlights the real estate industry's contribution to sustainable development goals in exclusive interview with [MyTimeNews.co.uk](https://mytimenews.co.uk)

New York City, New York Nov 22, 2023 ([Issuewire.com](https://www.issuewire.com)) - Domenico Amicuzi, a prominent figure in the **Italian real estate sector**, has recently shared insights on the crucial role of the real estate industry in advancing Sustainable Development Goals (SDGs) in an [exclusive interview with](#)

MyTimesNews.co.uk.

Amicuzi, known for his **expertise in real estate management**, delved into the various ways the industry can contribute to a more sustainable future.

In the interview, Amicuzi underscored the significance of responsible and **environmentally** conscious practices within the real estate sector. As a seasoned real estate manager, he emphasized the need for industry players to align their strategies with SDGs, fostering economic growth, social equity, and environmental stewardship.

"As a real estate manager, I firmly believe that our industry holds immense potential to drive positive change and contribute significantly to sustainable development goals" stated Amicuzi "Through responsible investment, environmentally friendly practices, and community engagement, we can create a lasting impact on the well-being of both people and the planet".

Amicuzi also discussed specific initiatives and projects within the real estate realm that can directly address environmental concerns, promote social inclusivity, and foster **economic development**. His insights serve as a testament to the evolving role of the real estate industry in promoting a sustainable and resilient future.

The interview with Domenico Amicuzi can be accessed on the MyTimesNews website, which provides a valuable resource for professionals and stakeholders interested in the **intersection of real estate and sustainable development**.
