

White Spread Foods Chooses BatchMaster As Its ERP Partner

Central India's leading dairy manufacturer "Whitespreadfoods" chooses BatchMaster for streamlining dairy processing operations

White SpreadFoods Chooses BatchMaster To Enhance Operational Efficiency

Indore, Madhya Pradesh Nov 28, 2023 ([Issuewire.com](https://www.issuewire.com)) - Central India's emerging dairy manufacturer, WhiteSpreadFoods Pvt. Ltd. makes BatchMaster ERP its strategic ERP partner.

WSF, the company which is a pioneer in procuring and processing the best quality milk and manufacturing pure healthy dairy products like Malai Paneer, Amrakhand, Shrikhand, Misti Doi, Dahi,

Rabdi, etc., conducted an extensive search for an ERP partner that aligns with their vision of excellence.

Prior to adopting BatchMaster ERP, WSF was utilizing a customer portal of SAP. But soon as the company increased its horizon of operations and extended its empire, the limitations of their existing customer portal became apparent.

To overcome the hurdles and ensure consistent growth, WSF decided to switch to a full-fledged [Dairy ERP software](#), which can meet their specific requirements. After a meticulous evaluation process, BatchMaster ERP emerged as the ideal choice, offering tailored solutions that align perfectly with WSF objectives.

BatchMaster ERP's industry-focused approach and real-time data management capabilities played a pivotal role in WSF's decision-making process. This partnership also promises to streamline other core operations such as inventory management, production planning, quality control, etc., ensuring the dairy products continue to meet the standard requirements.

Moreover, the Web functionality of BatchMaster ERP allows them to manage and control their operations from anywhere and anytime, without any hassle. Hence, the company decided to opt for the BME [Web ERP Software](#) that is customizable and has an extremely easy-to-use interface.

BatchMaster ERP is equally enthusiastic and feels delighted with onboarding of "WhiteSpreadFoods." "We wish our industry-specific business solutions, which has all the required capabilities, help their business achieve operational excellence and new heights in the years ahead", said Mr. Sanjay Panjwani, Managing Director, BatchMaster Software.
