

Young Yet Profound Talent Siksinzo Caters To Fans With His Latest 'Starting Over'

Siksinzo takes on the modern rock music industry as he releases his electrifying music frame 'Starting Over', leaving the listeners mesmerized and excited.

Bartlesville, Nov 2, 2023 ([Issuewire.com](https://www.issuewire.com)) - Introducing the luscious contemporary pop voice of **Siksinzo** dominates this smart and sassy three-minute music scape, with a swagger and confidence. Well, today's notably renowned musician is Tyler Little Sun birth is a trap metal artist and a writer, was born on 28th January 2005 in Claremore, Oklahoma, although growing up he never dreamt of being an artist initially until he went through an heart-break, pushed him to start creating magnificent music. He began his career as a musician in middle school, starting in choir and on Soundcloud. Now as an adult, he is offering himself as a proficient alternative trap metal artist. Profound artists such as Bvdlvd, Juice World, Scarlaxrd, and several others have left an intense impact on his musical journey.

However when the magical artist **Siksinzo** was younger he struggled with depression, anxiety, and even mental and physical abuse, his life was not the best at the time. He had to look after his siblings, he had to work hard to be able to feed the little ones when his parents were not there in need. The profound creator has been in traumatic relationships with abusive females, the horrific experiences made him push himself in his creative journey and poured his passion and dedication into creating engaging soundtracks including '[Starting Over](#)' and captivating all the attention around the world.

The soulful, bluesy inflection of the vocal creates a wonderfully thick vocal sound that is organically compelling. '**Starting Over**' takes on more of a familiar and slightly less exceptional form, tipping its hat effectively to the popular sound of the modern hip-hop landscape. The beats feel fresh to the ears, and the music washes over with its progression, to create a sense of peace and contrast with the rhythm and expressed personality of the vocal has its charm. Soundtracks like '**Woah**', '**Hollywood**', '**Another Day**', and '**Bang**' have managed to ease the gigantic musician's way to enormous success.
