Get to know Pulmonologist Dr. Akbar Obaray, who serves patients in Pennington, New Jersey.

New York City, New York Dec 5, 2023 ([Issuewire.com](https://www.issuewire.com)) - A board-certified pulmonologist, Dr. Obaray tends to patients at Capital Health - Pulmonology Specialists in Pennington, New Jersey. He has immersed himself in the intricacies of respiratory medicine, showcasing a multifaceted skill set that spans respiratory intensive care, fiber optic bronchoscopy, transbronchial biopsies, and pulmonary functional testing.

The physicians at Capital Health – Pulmonology Specialists diagnose and treat conditions that affect the lungs and respiratory system. Because some pulmonary conditions can extend to the cardiovascular system or other organs in the body, they work with referring physicians—from primary care providers to other specialists such as oncologists, critical care specialists and surgeons—involved in a patient’s care to accurately diagnose conditions and develop a personalized treatment plan.

Originally from India, Dr. Obaray earned his medical degree from the Grant Medical College in 1972. After relocating to the United States, he completed his residency in internal medicine at the St. Francis Medical Center in 1978. Finally, he completed his fellowship in pulmonary disease and critical care medicine at the Queens Hospital Center in 1980, where he served as Chief Resident and Senior Fellow.

An authority in his field, the doctor is board-certified in pulmonary disease, critical care medicine, and internal medicine by the American Board of Internal Medicine (ABIM). The ABIM is a physician-led, non-profit, independent evaluation organization driven by doctors who want to achieve higher standards for better care in a rapidly changing world.

Maintaining fellowship status, he is a Fellow of both the College of Chest Physicians (FCCP) and the American College of Physicians (FACP).

Before becoming an integral part of Capital Health – Pulmonology Specialists, Dr. Obaray accumulated over 30 years of invaluable experience in private practice in Hamilton, New Jersey. His ability to navigate the diverse landscape of pulmonary disorders, from the management of asthma and COPD to addressing the complexities of lung cancer and interstitial lung disease, showcases a seasoned practitioner dedicated to improving the respiratory well-being of his patients.

Pulmonology is a medical specialty that deals with diseases involving the respiratory tract. A pulmonologist is an internal medicine physician who specializes in preventing, diagnosing, and treating conditions and diseases that affect the lungs, bronchial tubes, and the respiratory system, including the nose, pharynx, and throat.
