Social work is an academic discipline and profession that concerns itself with individuals, families, groups, and communities in an effort to enhance social functioning and overall well-being. Associate clinical social workers are entry-level professionals who work under the supervision of licensed clinical social workers. They commonly provide support to clients and their families by helping them navigate the healthcare system, manage mental health issues, or cope with other personal challenges.

On a more personal note, Almira is fluent in both English and Spanish.
