

## Arthur M. Cotliar, MD, an Ophthalmologist with Eye Care & Surgery

Get to know Ophthalmologist Dr. Arthur M. Cotliar, who serves patients throughout the State of New York.

**New York City, New York Dec 27, 2023 ([Issuewire.com](https://www.Issuewire.com))** - A distinguished figure in the field of ophthalmology, Dr. Cotliar is a board-certified ophthalmologist, making significant contributions to the field of eye care. Serving patients at Eye Care & Surgery in New York City, with locations in Washington

Heights, Manhattan, and the Bronx, he specializes in both manual and laser-assisted cataract surgery. Moreover, he has garnered expertise in handling complicated cataracts, premium intraocular lens (IOL) technology, refractive surgery (LASIK and PRK), and anterior segment pathology, which includes the treatment of glaucoma and corneal diseases.

Throughout his academic career, he pursued his academic journey in New York City, earning his undergraduate degree from Yeshiva University and his medical degree from Albert Einstein College of Medicine. He further honed his skills through an ophthalmology residency at Lenox Hill Hospital and a fellowship in cataract surgery at the prestigious Edward S. Harkness Eye Institute of Columbia Presbyterian Medical Center in Washington Heights, Manhattan.

An expert in his field, Dr. Cotliar is board-certified in ophthalmology by the American Board of Ophthalmology (ABO). The ABO is an independent, non-profit organization responsible for certifying ophthalmologists in the United States of America.

On a professional level, the doctor is a proud member of various professional organizations, including the American Academy of Ophthalmology, the American College of Surgeons, the American Society of Cataract & Refractive Surgery, the New York State Clinical Ophthalmology Society, and the New York State IOL Society.

As for his academic appointment, Dr. Cotliar holds the position of Associate Professor of Clinical Ophthalmology at Columbia University College of Physicians & Surgeons. In this role, he imparts his knowledge to the next generation of eye care professionals, training residents and fellows. His commitment to education extends beyond the university setting, as he lectures students and ophthalmologists nationally. His scholarly contributions are evident in the numerous articles he has authored in prestigious peer-reviewed journals and ophthalmology textbooks.

With a career marked by excellence, he has performed a substantial number of cataract surgeries, showcasing his dedication to improving vision and eye health. His innovative surgical procedures, particularly in the realm of keratoprosthesis—a highly specialized corneal operation—have earned him widespread recognition. His groundbreaking work has been featured in extensive TV press coverage, both nationally and internationally, shedding light on his efforts to restore vision in blind patients.

Ophthalmology is a branch of medicine and surgery, which deals with the diagnosis and treatment of eye disorders. Ophthalmologists are experts in the diseases, functions, and anatomy of the eye. They may provide routine care such as vision testing, as well as prescribe and fit eyeglasses or contact lenses. However, ophthalmologists are also surgeons. They repair traumatic injuries to the eye and perform cataract, glaucoma, and corneal surgery.
