

Erin K. McCormick, MD, a Urologist in Private Practice

Get to know Urologist Dr. Erin K. McCormick, who serves patients in Harlingen, Texas.

New York City, New York Dec 19, 2023 ([IssueWire.com](https://www.issuewire.com)) - A highly trained urologist, Dr. McCormick covers the entire spectrum of general urology with a particular focus on urologic oncology. She works alongside Dr. Michael J Finger, MD, at their private practice in Harlingen, Texas.

The practice caters to urology patients throughout the Rio Grande Valley, covering areas such as Brownsville, San Benito, Harlingen, Weslaco, McAllen, and Edinburg, Texas. Various office procedures are offered, including single incision vasectomy, circumcision, cystoscopy, urodynamics, Prostiva™ radiofrequency treatment for an enlarged prostate, and other minor surgical procedures.

The sole full-time Cameron County urologist certified by Intuitive Surgical for the performance of DaVinci robotic prostatectomies, Dr. McCormick currently serves as the DaVinci Robotic Committee Chairman at Valley Baptist Medical Center. Her expertise extends to Prostiva treatment for an enlarged prostate and interstim sacral nerve stimulators for an overactive bladder.

In her academic journey, Dr. McCormick earned her undergraduate degrees at the University of California, Irvine, and pursued graduate studies at the University of California, Los Angeles. Subsequently, she obtained her Doctorate of Medicine Degree from George Washington University School of Medicine in Washington, D.C., in 1990.

Furthering her training, she completed her internship and residency in urology at George Washington University Medical Center.

Board-certified in urology, Dr. McCormick is recognized as a Diplomate of the American Board of Urology (ABU). The mission of the ABU is to act for the benefit of the public by establishing and maintaining standards of certification for urologists and working with certified urologists to achieve lifelong learning to ensure the delivery of high-quality, safe, and ethical urologic care.

Urology, also known as genitourinary surgery, is the branch of medicine that focuses on surgical and medical diseases of the male and female urinary tract system and the male reproductive organs. Urologists specialize in diseases of the urinary tract and the male reproductive system. Patients may be referred to a urologist if their physician suspects they may need treatment for a condition relating to the bladder, prostate, urethra, ureters, kidneys, and adrenal glands.

Dr. McCormick credits her success to delivering personalized care for her patients, actively listening to their needs, and empathizing with their situations. Taking a holistic approach, she seeks not only to address their urological concerns but also to enhance their overall quality of life.
