Sydney, New South Wales Dec 13, 2023 ([Issuewire.com](https://www.issuewire.com)) - Fab Habitat, a leading home decor brand, has recently announced the launch of its newest collection of [machine washable rugs](#) in Australia. These rugs are designed to provide both style and convenience to homeowners, making them the perfect addition to any living space. With a wide range of designs and sizes, Fab Habitat's machine washable rugs are set to revolutionize the rug industry in Australia.

The new collection features a variety of patterns and colours, catering to different interior styles and preferences. From traditional to modern, there is a rug for every home. The rugs are made from high-quality materials, ensuring durability and longevity. They are also eco-friendly, made from recycled plastic bottles, making them a sustainable choice for environmentally conscious consumers.

One of the key features of these rugs is their machine-washable quality. Unlike traditional rugs that require professional cleaning or spot cleaning, Fab Habitat's rugs can be easily washed in a regular washing machine. This makes them ideal for high-traffic areas such as living rooms, dining rooms, and even outdoor spaces. The rugs are also stain-resistant, making them perfect for households with children and pets.
