The Jz Embroidery Journey: Making Every Print Count

Let's take a stroll through the journey of Jz Embroidery – a company born out of passion and a desire to make every print count. Started by a group of friends who shared a love for art and expression, Jz Embroidery began as a small venture in a garage. Screen Set-Up:

Once your design is in, the magic begins. Jz Embroidery's skilled technicians create screens for each color in your design. It's like preparing the canvas for a work of art.

Ink Application:

The chosen ink colors are then applied to the screens. Each color is applied separately, ensuring precision and clarity in the final print.

Now comes the exciting part – the actual printing. The fabric is carefully placed on the printing press, and each color is layered on, creating a vivid and detailed print.
