Disaster Recovery Roadmap

1 TAKE PICTURES
DO NOT DEMO BEFORE THIS STEP! Take pictures of ALL the damage at least 3-5 pictures from different angles. A typical flood-damaged home should have 2-3 hundred pictures. This will help you with your claim.

2 FILE A CLAIM
Make this call as soon as you can! After a flood event, thousands of homes are affected, so be the first in line.

3 FLOODRELIEF.COM
Our experts will be there to take care of the first step in the rebuilding process, demo and dry-out. This is a crucial part for experts to handle. If this is done incorrectly, mold can grow back, damaging your home in the future.

4 GET 3 QUOTES
FloodRelief.com will provide you with 3 local licensed & insured General Contractors saving you time and relieving you of stress.

5 CHOOSE YOUR CONTRACTOR
Choose the Contractor you personally connected with and feel will get the job done. Getting 3 quotes isn't about the price, it's about having a diverse pool of professionals to choose from.

6 PEACE OF MIND
Going from house to home can be a stressful process. Because you made the correct first steps, you can have peace of mind knowing you are headed in the right direction.
