

Mohammad Abbas, MD, an Interventional Pain Management Specialist with Lakeview Healthcare System

Get to know Interventional Pain Management Specialist Dr. Mohammad Abbas, who serves patients throughout the State of Florida.

New York City, New York Dec 5, 2023 ([Issuewire.com](https://www.issuewire.com)) - A seasoned Interventional Pain Management Specialist, Dr. Abbas sees patients at Lakeview Healthcare System.

With six locations throughout Lake County and The Villages, Lakeview Healthcare System strives to

provide their patients with friendly, individualized care, ranging from preventative health care and routine screenings to the management of more complex medical issues. Their staff of skilled and experienced medical professionals are specially trained to solve puzzling diagnostic problems as well as treating patients who may be suffering from multiple conditions.

Back in the early days of his academic career, Dr. Abbas obtained his medical degree from the University of Damascus School of Medicine in Syria. Upon relocating to the United States, he completed his Internship in internal medicine at the University of New Mexico School of Medicine, before completing an additional Pre-Residency Fellow training in Neurosurgery/Neurocritical care at the same educational venue.

In order to further his training, he later returned to the University of New Mexico, completing a residency in Neurology and a fellowship in Interventional Pain Medicine in 2021 and 2022, respectively.

On a professional level, Dr. Abbas is a proud member of the American Society of Pain & Neuroscience, the North American Neuromodulation Society, the American Society of Interventional Pain Physicians, the American Society of Anesthesiologists, the American Academy of Neurology, the American Association for the Advancement of Science, the American Neurological Association, the American Physician Scientists Association, and the American Medical Association.

Interventional pain management is a branch of medicine employing an interdisciplinary approach for easing the suffering and improving the quality of life of those living with pain with the aim of improving everyday function. An Interventional pain management specialist is a doctor who specializes in pain medicine, focusing on the evaluation, treatment, and management of pain.

On a more personal note, Dr. Abbas is fluent in both English and Arabic. In his free time, he enjoys soccer, hiking and camping, fishing, and playing backgammon.
