

Richard Klarck, DDS, MS, a Pediatric Dentist with Blue Coral Pediatric Dentistry & Orthodontics

Get to know Pediatric Dentist Dr. Richard Klarck, who serves patients throughout the State of Illinois.

New York City, New York Dec 27, 2023 ([IssueWire.com](https://www.issuewire.com)) - Recognized as an exceptional pediatric dentist, Dr. Klarck is on a mission to create lasting positive experiences for his young patients, recognizing the importance of personalized care, trust, and open communication with both patients and their families.

In regards to his educational background, his academic journey began at Benedictine University in Lisle, Illinois, where he earned his Bachelor of Science degree in Biology in 2015. Driven by his passion for dentistry, he pursued his DDS degree at the prestigious University of Michigan in Ann Arbor, marking a significant step in his pursuit of specialized knowledge.

Continuing his education at the University of Michigan, Dr. Klarck completed a pediatric dental residency, distinguishing himself by obtaining a specialty certificate and a Master of Science degree in pediatric dentistry. His commitment to addressing access-to-care issues is evident in his master's thesis, titled "Geographic Distribution by County of Pediatric Dentists in Michigan: A Comparison from 2013 to 2020." This reflects Dr. Klarck's dedication not only to the clinical aspect of his profession but also to broader issues that impact the accessibility of pediatric dental care.

Distinguished as a Diplomate of the American Board of Pediatric Dentistry, he is an active member of the American Dental Association, the Illinois State Dental Society, the Chicago Dental Society, the American Academy of Pediatric Dentistry, and the American Academy of Facial Esthetics.

Pediatric dentistry is the branch of dentistry dealing with children from birth through adolescence. The Pediatric dentist has an extra two to three years of specialized training after dental school and is dedicated to the oral health of children from infancy through the teenage years. Children of different age groups need different approaches in dealing with their behavior guiding their dental growth and development, as well as helping them avoid future dental problems. A pediatric dentist cares for special needs patients as well.

Outside of the office, Dr. Klarck values time spent with family and friends, indulges in his passion for travel and passionately cheers on Chicago sports teams.
