About THINKWARE

THINKWARE DASH CAM is the global leading brand for dash cams. Originating in Korea in 1997, THINKWARE DASH CAM has consistently driven innovation and progress in the realm of smart vehicle technology. Through an unwavering commitment to research and development, THINKWARE has established itself as the market leader in various sectors such as dashcams, electronic maps, navigation, mobile applications, and tablet PCs.

Pioneering the industry with cutting-edge image processing capabilities and intuitive interface, THINKWARE debuted in the North American market in 2013. In a further testament to its global vision, THINKWARE has unveiled ambitious plans to further broaden its horizons by exporting its dash cam lines to 17 other countries, encompassing prominent regions such as the US, Canada, the UK, and Japan.

Renowned for crafting top-tier car cameras, THINKWARE is committed to safety and dependability for all drivers on the road. With a vast global user base exceeding 7 million registered users, our mission is to provide drivers with an additional pair of vigilant eyes, instilling peace of mind during unforeseen accidents.

THINKWARE DASH CAM has continued to astound the industry with its world-class dash cam lines during its presence at global exhibitions like CES, SEMA, and The Gadget Show Live. At CES 2017, the world's largest consumer electronics show, THINKWARE received the Innovation Award of the Year for excellence in technology and design. The company has also received numerous other awards such as the IF, IDEA, and RED Dot Design Award.
