

## VISTA InfoSec Achieves Official Authorization as Singapore's Leading Penetration Testing Service Provider

**New York City, New York Dec 21, 2023** ([Issuewire.com](https://www.issuewire.com)) - The Cybersecurity Services Regulation Office (CSRO) has recently released a list of licensed business entities on December 1, 2023. Among these entities, VISTA InfoSec, a global [cybersecurity service provider](#), has been recognized as an authorized Penetration Testing Service Provider for Singapore under the Cybersecurity Act 2018.

This prestigious recognition, listed under VISTA INFOSEC PTE. LTD in the CSRO Listing at page 32 (Sr. No 345).

This accolade not only underscores VISTA InfoSec's capabilities but also fortifies its standing as a Global Cybersecurity Service Provider. It further establishes them as a partner of choice for a wide range of services such as PCI DSS, PCI SSF, SOC2, GDPR, HIPAA, MAS TRM (Singapore), and more.

Founder and Director, [Mr. Narendra Sahoo](#), expressed his heartfelt gratitude to his dedicated team members for their relentless efforts.

He stated, 'This authorization is a seal of our promise to deliver top-tier cybersecurity services. When organizations choose to work with an authorized service provider like us, they choose industry experts who uphold the highest standards. Our mission has always been to help organizations shield their digital assets and infrastructure from cyber threats. With this global recognition, we're even better equipped to serve you, no matter where you are in the world.'

Mr. Sahoo would like to express his deepest gratitude to the government of Singapore for their trust and support. He stated, 'This recognition wouldn't have been possible without their belief in our capabilities.'

We also want to extend our thanks to our esteemed clients for their continued support. We're excited about this journey and look forward to serving our clients with nothing but our best.'
