According to Megan Woods Held, “I am so proud to now offer classes to serve Blairsville, Black Lick, New Alexandria, Latrobe, Derry, Ligonier, and more! Music Together’s success in our other locations has been phenomenal, and we wanted to expand to offer families our wonderful program in other communities.”

“All children can learn to sing in tune, keep a beat, and participate with confidence in music, provided that their early environment supports such learning. Music Together brings families together by providing a rich musical environment in the classroom and facilitating family participation in spontaneous musical activity at home within the context of daily life. Families get so much out of these classes,” Megan Woods Held explains.

Music Together is an internationally recognized early childhood music and movement program for children birth through 5. The Music Together curriculum was coauthored in 1987 by Kenneth K. Guilmartin and Rowan University Professor Emeritus of Music Education Dr. Lili M. Levinowitz and offers programs for families, schools, at-risk populations, and children with special needs in more than 3,000 communities in over 40 countries. The company is passionately committed to bringing children and their caregivers closer through shared music-making and helping people discover the joy and educational value of early music experiences.
