

Award-winning Climate Activist, Nyombi Morris, Becomes GVSE's First Ambassador

GSE Technologies to Unveil Additional Brand Ambassadors

L-Iklin, Valletta Jan 19, 2024 ([Issuewire.com](https://www.issuewire.com)) - GSE Technologies has announced the appointment of Nyombi Morris as the inaugural Ambassador for the upcoming Green Vision Summit & Expo (GVSE). With a distinguished background as a United Nations OCHA Ambassador, Climate 2025 Fellow, and CNN Environmentalist for Tomorrow, Morris will represent the GSE and GVSE brands in Uganda and neighbouring African countries, joining an esteemed group of Ambassadors for this prestigious event.

Nyombi Morris, a highly acclaimed climate activist, has been widely recognised for his dedication to environmental justice and policy reform since 2019. As the founder and CEO of Earth Volunteers, a non-profit organisation focused on ecosystem restoration and community education on climate action, Morris has demonstrated exceptional leadership and a resolute commitment to building a sustainable future.

In his role as Ambassador, Nyombi Morris will embody GSE's Green Vision, which aims to shape a future that balances economic growth, environmental preservation, and social equity, placing humanity at the forefront.

Sabrina Agius, CEO of GSE Technologies, expressed her confidence in Nyombi Morris' ability to effectively represent the Green Vision Summit & Expo, stating, *"We are delighted to have Nyombi Morris as the first Ambassador for the Green Vision Summit & Expo. His remarkable dedication to environmental causes and his vocal approach towards educating the public on sustainable practices align perfectly with the goals of our event, which advocates for sustainable regional and global business practices and ideals."*

Nyombi Morris commented on his new role, saying, *"I am truly honoured to be appointed as the first Ambassador for the Green Vision Summit & Expo. This opportunity allows me to further amplify my advocacy for sustainable practices and environmental awareness. I look forward to collaborating with GSE Technologies and my fellow Ambassadors to inspire positive change and drive the transition towards a greener and more sustainable future."*

The Green Vision Summit & Expo, hosted by GSE Technologies, serves as the organisation's premier event, acknowledging humanity as the pivotal connection to sustainable development and striving to cultivate a worldwide movement dedicated to a more environmentally conscious future. It will take place from April 30th to May 2nd, 2024. The summit will feature actionable dialogues led by world leaders and industry experts who will share their vision regarding the scale of climate challenges, priorities, and the necessary actions needed in the coming months and years.

GSE Technologies plans to announce additional Ambassadors for the Green Vision Summit & Expo in the coming weeks, further enhancing the event's global impact and outreach.
