Testimonials:

What Our Clients Say?

I recently visited this dental clinic for a teeth cleaning and scaling, and I couldn't have been more impressed. The staff here is exceptionally warm and caring, and the dentist Dr. Rutuja who took care of me was gentle and incredibly attentive to my needs. Not only did she perform the procedure with the utmost care, but she also took the time to educate me about the entire process and my oral health. I left the clinic with a radiant smile and a better understanding of how to maintain it. I highly recommend this clinic to anyone in need of top-notch dental care. Thank you for the fantastic experience!" ????????

Deepak Wanganate | Teeth Cleaning

The RCT treatment I received was excellent and completely pain-free. This is the best dental clinic in Wakad. Dr. Rutuja is very humble, patient-friendly, and gives proper time to every patient. I have already recommended it to my friends, and they are also satisfied with their dental treatment.

Kiran Kharche | Root Canal Treatment

I had an excellent experience at Narhare Dental Clinic. The dentist is highly skilled. I was scared initially as it was my first encounter for dental cleanup and filling. They took the time to explain everything clearly and made me feel comfortable throughout my visit. The clinic was clean and well-maintained. I highly recommend Narhare for anyone seeking dental care. Thank you for the great service.
