

CG Logistics Pvt. Ltd. Announce the Successful Door-to-Door Movement of First Rolls-Royce Trent Engine in India

New Delhi, Delhi Feb 3, 2024 ([Issuewire.com](https://www.issuewire.com)) - [CG Logistics Pvt. Ltd.](https://www.cglogistics.com), a distinguished leader in the logistics industry, proudly announces the successful completion of the door-to-door transportation for the first Rolls Royce Trent engine imported for Air India's Airbus A350 in India.

Known for its commitment to delivering excellence with precision, CG Logistics demonstrated unparalleled expertise in managing the entire logistics process, ensuring a seamless transition for this critical component in the aviation industry. This significant achievement underscores CG Logistics' dedication to elevating aviation standards through its meticulous approach to logistics management.

The Rolls Royce Trent engine, a masterpiece of engineering and performance, was handled with the utmost care and professionalism by CG Logistics. The successful completion of this operation reinforces CG Logistics' position as a trusted partner in the aviation supply chain, emphasizing precision, reliability, and timely delivery.

"We take immense pride in contributing to the seamless logistics involved in the import of the Rolls Royce Trent engine for Air India's Airbus A350. This accomplishment underscores our commitment to excellence and precision in every facet of our [logistics services](https://www.cglogistics.com)," stated Mr. Rajesh Dubey, Founder & CEO at CG Logistics Pvt. Ltd.

CG Logistics continues to set benchmarks in the industry, leveraging its expertise to provide unparalleled solutions for complex logistics challenges. The company remains dedicated to advancing aviation standards and looks forward to undertaking more critical projects in the future.

The door-to-door movement was executed flawlessly, covering the distance from the United Kingdom to India. CG Logistics Pvt. Ltd. remains steadfast in its mission to exceed industry expectations and provide world-class [logistics solutions](#).
