Family medicine is a medical specialty devoted to comprehensive health care for people of all ages. The specialist is called a family physician or family doctor. A family physician is often the first person a patient sees when seeking healthcare services. They examine and treat patients with a wide range of conditions and refer those with serious ailments to a specialist or appropriate facility.

Dr. El-Mallah enjoys spending free time with his family. He loves learning about human history and geography. Some of his favorite hobbies are boxing, swimming, horseback riding, and playing board games.
