

HTMA-NTX: A New Era for North Texas Healthcare Technology Management Association

HTMA-NTX (North Texas Healthcare Technology Management Association), a long-standing organization dedicated to the advancement of healthcare technology management professionals, is thrilled to announce a transformative makeover in 2024.

Richardson, Texas Feb 6, 2024 ([IssueWire.com](https://www.issuewire.com)) - HTMA-NTX (North Texas Healthcare Technology Management Association), a long-standing organization dedicated to the advancement of healthcare technology management professionals, is thrilled to announce a transformative makeover in 2024.

Founded in 1976 as the North Texas Biomedical Association (NTBA), HTMA-NTX has a rich history spanning over four decades, contributing to the growth and excellence of healthcare technology management. This year marks a significant milestone as it expands its vision and embarks on a journey of growth and evolution.

Exciting developments include:

Expansion of Leadership: HTMA-NTX is transitioning from a four-officer structure to a robust board comprising 14 or more dedicated professionals. This expansion will bring fresh perspectives and expertise to steer the association forward.

Enhanced Programming: We are committed to delivering an enriched experience for our members and non-members by introducing new social and educational programs that align with the evolving landscape of healthcare technology management.

Revamped Website: Our new website will serve as a central hub for information, resources, and networking opportunities. It will provide a user-friendly platform for members to connect, learn, and grow within the HTMA-NTX community.

Diverse Membership Levels: To better cater to the needs of our members, we are introducing new membership levels that offer enhanced benefits and opportunities for professional development.

Inaugural Conference: The year 2025 holds a significant milestone as we plan to launch our first-ever conference. This event will provide a unique platform for healthcare technology management professionals to collaborate, share insights, and foster innovation.

To stay updated on these exciting changes and upcoming events, we invite you to visit our website at <https://htma-ntx.homesteadcloud.com/meetings>.

For those interested in taking an active role in shaping the future of HTMA-NTX, we encourage you to explore officer opportunities by visiting <https://forms.gle/f4GRQyHuiKQo1Tmw9>.

About [HTMA-NTX.ORG](https://www.htma-ntx.org):

HTMA-NTX is committed to fostering the growth and recognition of its members as integral contributors to the healthcare sector. Our mission encompasses several key objectives, including promoting member recognition, collaborating with other medical and technical societies, and providing valuable technical and legal information to enhance member competence. We are dedicated to supporting the educational

and ethical standards of our members and actively engage in discussions, addressing biomedical field advancements, challenges, and activities.

HTMA-NTX operates independently, with the aim of providing collective expertise to positively influence patient safety and healthcare legislation. Our association utilizes resources solely for its affairs, objectives, and non-profit educational status, remaining committed to its mission of excellence and service.
