

Influencer 'Charlie Michael Baker' set to star in his very own film all about autism

Charlie Michael Baker who is a renowned author known for his books 'Charlie Baker - Autism and Me' is set to star in a film which unravels his experiences growing up with autism, the film will bring his books to life!

Lincoln, Lincolnshire Jan 29, 2024 ([Issuewire.com](https://www.issuewire.com)) - Charlie, a highly productive writer with an abundance of creativity and talent, is not only the author of a book chronicling his experiences growing up with autism but also a prominent advocate for the autism community.

Charlie has never let his autism hold him back; instead, he's used it as a springboard, allowing unique perspectives to enhance his storytelling. It's in his books where readers often find elements of his experience woven into characters and narratives. The beauty of his work is the subtlety with which he touches on these themes, never overwhelming, but always present and impactful.

Charlie authored a trilogy titled 'Charlie Baker - Autism and Me', which provides an in-depth exploration of his life and the challenges he faced growing up with autism. These books shed light on his journey, highlighting his resilience, determination, and coping strategies. Charlie's primary objective in writing

these books was to offer support and guidance to individuals facing similar experiences. Remarkably, he managed to raise an impressive £350,000 for charity and sold over 70,000 copies of his books, which were even distributed in Walmart.

After sharing a post that quickly amassed thousands of likes overnight, Charlie Michael Baker's Instagram following surged to over 1.1 million. Despite facing hate messages on social media, he continues to pursue his passions without hesitation

Charlie Michael Baker, renowned author, and social media influencer, is embarking on a new venture as the star of his film titled 'Charlie Michael Baker - Autism and Me'. This captivating film will bring his books to life, delving into his personal journey and showcasing his growth. From his early years to the present, the film will shed light on the challenges he faced, including bullying, while also highlighting the support he received and his sources of inspiration. Scheduled for release in 2025, 'Charlie Michael Baker - Autism and Me' aims to raise awareness and provide support for individuals with autism, making it a powerful medium to share Charlie's remarkable life story. Kieran Gray, the director, expresses his enthusiasm for the project, emphasizing its potential to reach and assist those who have experienced similar struggles as Charlie, as well as to raise overall awareness about autism.
