Blackburn, Victoria Jan 31, 2024 ([Issuewire.com](https://www.issuewire.com)) - In a recent press note, the sales executive of Lashmer announced their new arrivals on classic and volume eyelashes. He was delighted to declare that all their **eyelash extensions** are the best in terms of quality. Their lightweight soft lashes are really easy and comfortable to wear. The best part is that they don't leave any residue at the base. So, you can easily take the lashes off. Are you wondering which one is more popular among women- [classic eyelash extensions](#) or [volume eyelash extensions](#)? Let's dig deeper to understand the pros of each one.

Classic Eyelash Extension

The eyelashes are the most common and traditional ones that offer a classic and natural look while enhancing the length of your lashes slightly. Usually made of natural or synthetic fibers, these eyelashes may not be a good choice when you are looking for volume but you can surely add length to the lashes and make them more elegant and stunning.

When you are using classic eyelash extensions, you can consider a ratio of 1:1 where you can attach one extension to one eyelash to make your **eyelashes naturally beautiful and your eyes more attractive** with just simply adding the length. It can last hours depending on the product quality and the last products you use to attach the extensions.

Volume Eyelash Extension

This eyelash extension is popular for giving your lashes the desired volume. Volume eyelash extensions are perfect for women who have thin eyelashes that give a no-eyelash look. Volume lashes can make your eyelash line bold and highlight your eyes to make it more dramatic and expressive. Volume eyelashes come in a variety of styles and lengths so they can easily create a more voluminous and fluffy look enhancing the beauty of your natural lashes. These eyelash extensions are incredibly fluffier and lighter so you can add extra curl to your lashes and make your eyes stand out.

Lashmer presents a wide selection of eyelash extensions that include [Classic Lashes](#), [Flat Lashes](#), [Fast & Easy Fans Lashes](#), **Silk Volume Lashes**, **Color Lashes** and **YY & 3 Leaves Volume Lashes**. Each one will create a distinctive look that you will love to flaunt.
