

New Chicago LLC combines art and healing

Combining career and passion projects. Laura Roeper announces new LLC

Spirit Align

Chicago, Illinois Jan 8, 2024 ([Issuewire.com](https://www.issuewire.com)) - Combining parts of her career, artistic pursuits, and passion for the healing arts, Roeper has merged her interests in art curating, live events, production assistance, holistic wellness recommendations, and alignment-based goal setting. A lifelong resident, Roeper had a co-op gallery in the Flat Iron Building and thus began her work in the arts and photography. Bringing that insight to healing became a natural progression. Beginning in 2024 with two large-scale Chicago-based events, one being a Shamanic Ascension event

with <https://www.wholisticwellnesstherapy.com/> the second is with <https://www.sideshowgallerychicago.com/> featuring a solo woman artist from LA. Working with other women-owned businesses in the Chicagoland area is key to the foundation of Spirit Align. Roeper is a former LMT and current RYT and will bring this knowledge into her programs, ones, and events. This start is a great insight into many inspirations that are now reality. Roeper will also continue her television career, currently as propmaster in Chicago for the hit FX/Hulu show The Bear. Art is a healing tool and her vast knowledge in both fields is meant to be nurtured, honored, and shared.
