This strategic partnership aims to redefine efficiency and streamline the entire service hiring process for both businesses and customers.

ServiceTasker is a trusted online marketplace that simplifies the hiring process by connecting users with professionals across 1600+ categories. With a commitment to user satisfaction, ServiceTasker™^[?] offers a seamless experience for Australians seeking quality services.

ThoughtWorks is a leading global technology consultancy that integrates strategy, design, and software engineering to enable clients to thrive. With a focus on workflow management, ThoughtWorks brings innovative solutions to industries worldwide.

The unified platform combines Thoughtworks' expertise in workflow management with ServiceTasker's dynamic marketplace. This collaboration introduces next-level tradie management, emphasizing efficiency, innovation, and a seamless experience for both businesses and customers.

Key Features of the Unified Platform

Optimized Business Profiles: Businesses listed on ServiceTasker gain access to enhanced profiles, showcasing their experience, ABN, reviews, ratings, and other credentials. This feature allows tradies to focus on team management and work quality.

Real-Time Collaboration: The platform prioritizes real-time collaboration, facilitating immediate communication between customers and service providers. This ensures transparent and efficient interactions throughout the service process.

User-Friendly Interface: With a user-friendly platform, both customers and businesses can easily navigate different sections of their profiles, ensuring a secure and seamless experience. Various resources are available to guide users in utilizing the platform effectively.

Easy Workflow Management: The collaboration integrates Thoughtworks' expertise in workflow management, bringing advanced technology solutions to the online marketplace industry. Features like real-time scheduling, clear communication channels, and task progress updates enhance overall efficiency.

Commenting on the collaboration, the founder of ServiceTasker stated, "We are thrilled to partner with ThoughtWorks to bring next-level efficiency to the tradie industry in Australia. The combination of our dynamic marketplace with ThoughtWorks' workflow management expertise is already showing tremendous growth and positive feedback from our users."

As part of ongoing advancements, ServiceTasker is actively working on data analytics to further improve the user experience. Additionally, seamless mobile app development is on the line, promising users an even more convenient way to access the platform with more new features. By the sources, we have found that they will be releasing the app within the next 1-2 months.
