

UnicMinds Online Coding Classes for Kids to launch free Vedic Maths course

Bengaluru, Karnataka Jan 2, 2024 ([IssueWire.com](https://www.issuewire.com)) - UnicMinds is a leading online coding classes provider for kids across the world. The institute provides more than 25 online courses for kids with an adaptive curriculum designed by some of the best Ivy League alumni. Last year, UnicMinds launched short-duration four-week summer courses for kids in Space Programming, Python, Basic Scratch, Java, Ethical Hacking, and Computer Mathematics.

This upcoming summer of 2024, UnicMinds is launching a free Vedic Mathematics course for kids 9-15 years. Vedic Mathematics is a highly sought after course by kids across the world, and especially by Indian parents. Children can learn the tips and tricks of fast multiplication, division, and number tricks that can help them with number mathematics. Alpha Sahoo, Co-Founder at UnicMinds, has also announced that they're planning to launch additional new courses specifically this summer in areas such as English Basics, VBA Programming, Advanced Mathematics, and more. Summer is a major season for kids to enroll in vocational learning courses, and UnicMinds provides a comprehensive range of short and long duration summer courses in Programming, Mathematics, Finance, English, Gifted Education, and more.
