

3v-Hosting Offers VPS and Dedicated servers for any tasks

Kiev, Kyiv Feb 7, 2024 ([Issuewire.com](https://www.issuewire.com)) - [3v-Hosting](#) offers you a huge selection of [VPS](#) and [Dedicated servers](#) located in our data centers in the Netherlands, Ukraine, and the USA. With us you will definitely find a suitable server configuration to solve any problem, from hosting a small website to organizing a video streaming service at speeds of up to 10 Gbit/s, and all this at affordable prices.

3v-Hosting offers comprehensive solutions on Dedicated Servers for businesses with severe technical needs. For example, a dedicated server with 2 x Intel 12-Core 12 cores/2.2 GHz, 512 GB DDR4, 8 x

1.92 TB SSD, 10 Gbps Network

and UNLIMITED traffic is perfect for file-sharing servers, video streaming, or organizing VPN connections.

A representative from 3v-Hosting at a recent conference said: "The first and main goal of our team is to simplify the purchase of hosting for end customers. After all, previously, renting and setting up a server required deep technical knowledge and an understanding of how hosting works. Now, thanks to our incredible support team, ANYONE can order a server and get it already configured to work according to their wishes. Our team of experts understands the unique needs of businesses and assists clients in every possible way to meet their needs.

You can log into the [3v-Hosting website](#) and select servers in the **Netherlands, Ukraine, and the USA**. Get yourself the best Dedicated Servers and improve your website's performance. This will help you optimize your website or app and make it more accessible to your customers.

An important factor when choosing a hosting provider is the possible payment methods, and in 3v-Hosting you can pay for services using any of the [most popular methods](#), from credit cards to cryptocurrencies (**Bitcoin, Litecoin, Monero, etc.**)

About Company
