Her professional affiliations extend to the American Association for Physician Leadership and the Texas Academy for Family Physicians, reflecting her active engagement in the broader healthcare community.

Family medicine is a medical specialty devoted to comprehensive health care for people of all ages. The specialist is called a family physician or family doctor. A family physician is often the first person whom a patient sees when seeking healthcare services. They examine and treat patients with a wide range of conditions and refer those with serious ailments to a specialist or appropriate facility.

When she is not working, Dr. Kumar enjoys spending time with her family and traveling.
