

Cary E. Feibleman, MD, a Dermatologist with California Skin Institute

Get to know Dermatologist Dr. Cary E. Feibleman, who serves patients in California.

New York City, New York Feb 16, 2024 ([Issuewire.com](https://www.issuewire.com)) - Dr. Feibleman is a board certified, fellowship trained dermatologist with over 30 years of practice experience. He is in practice with California Skin Institute, where he operates out of the offices in San Leandro and Modesto, California.

Dr. Feibleman specializes in dermatopathology, hair and nail disorders, as well as medical, pediatric, cosmetic, and surgical dermatology.

Academically, Dr. Feibleman studied for his Bachelor's Degree at both the University of Pennsylvania and the University of Oregon. Subsequently, he earned his Medical Degree from Oregon Health & Science University Medical School and completed his dermatology training at the State University of New York at Buffalo, serving as chief resident during his final year.

To further his knowledge and training, Dr. Feibleman completed a research fellowship in dermatoinmunology at Johns Hopkins University Medical School, followed by a fellowship in dermatopathology at Buffalo.

Board certified in both dermatology and dermatopathology, Dr. Feibleman is a Diplomate of the American Board of Dermatology (ABD). The ABD is a voluntary, non-profit, private, autonomous organization formed for the primary purpose of protecting the public interest by establishing and maintaining high standards of training, education, and qualifications for physicians rendering care in dermatology.

In addition to his training and experience, Dr. Feibleman is a member of many professional organizations, including the American Academy of Dermatology, the American Society of Dermatopathology, the American Society of Dermatologic Surgery, the California Dermatologic Society, the Pacific Dermatologic Association, the Los Angeles County Medical Society, the California Medical Association, and the American Medical Association.

Dermatology is the branch of medicine dealing with the skin. The skin is the largest organ of the body. Dermatology is a specialty with both medical and surgical aspects. A dermatologist is a specialist doctor who manages skin diseases and deals with both internal and external causes and some cosmetic concerns involving the skin. Dermatological duties include taking consultations, providing screening tests, and undertaking non-invasive surgical procedures.

Dr. Feibleman's work has appeared in numerous medical journals, and he has authored several book chapters dealing with various dermatologic conditions. In 1996, Los Angeles Magazine highlighted him in an article recognizing the Best Doctors in the Los Angeles area.

Continuously recognized by his peers, Dr. Feibleman has been elected annually to the esteemed list of the Best Doctors in America since then.
