A Message From The CEO

For first-rate quality and outstanding personalised lanyard printing, one thing is crucial: hire a specialist and professional manufacturer who has been in the industry for many years. You would be glad to know that Custom Lanyards have been in the battleground for more than ten years.

Such a long time period allowed them to become the best of the best lanyard manufacturers not only in the UAE but throughout the globe. Let us look into what the brain behind this powerful brand has to say to the audience:

“For years, I had seen people wearing lifeless and dull lanyards around their necks. Something seemed off to me. Their brilliant attire, corporate briefcases, nice haircuts, and crisply polished shoes did not deserve to be paired with those lifeless cords. This is what inspired me to start this brand. I take pride in my team of lanyard-making specialists, having precise skills and expertise in manufacturing lanyards. We make custom lanyards that complement your overall look and, in fact, add more to it.” Abdul Rafay - CEO of Custom Lanyards
