His dual degrees and certification from the NCCPA reflect a comprehensive and well-rounded approach to medical practice, positioning him as a trusted healthcare professional at the forefront of patient-centered care in Bell Gardens.

A physician assistant is a health care practitioner who practices medicine in collaboration with physicians. They examine patients, prescribe medicine, and order diagnostic tests. In most cases, they work under the supervision of physicians or surgeons, but they can work more independently in some states, rural areas, and inner-city areas, consulting with physicians only when they need help with cases.
