

Kathryn A. Baker, DO, FAAP, a Pediatrician with Baker Pediatrics

Get to know Pediatrician Dr. Kathryn A. Baker, who serves patients in Trumbull, Connecticut.

New York City, New York Feb 20, 2024 ([IssueWire.com](https://www.IssueWire.com)) - A committed pediatrician, Dr. Baker works with patients at her private practice - Baker Pediatrics - in Trumbull, Connecticut. Her approach to medicine is guided by a holistic philosophy aimed at promoting the optimal physical, mental, and social health of her patients. Grounded in the principles of the American Academy of Pediatrics, she diligently follows immunization schedules recommended by the CDC and AAP, ensuring comprehensive care for her young charges.

Throughout her academic career, she graduated with her Doctor of Osteopathic Medicine degree from the Philadelphia College of Osteopathic Medicine, before honing her skills during a rigorous three-year pediatric residency at Geisinger Medical Center.

Recognized as a Fellow of the American Academy of Pediatrics (FAAP), the doctor is board-certified in pediatrics by the American Board of Pediatrics (ABP). The mission of the ABP is to advance child health by certifying pediatricians who meet standards of excellence and are committed to continuous learning and improvement.

Drawing from her osteopathic training, Dr. Baker emphasizes the importance of treating the whole patient rather than merely addressing symptoms. She recognizes the crucial role of parents and families in fostering the health of children, forging partnerships with them to chart the best course of treatment.

Committed to responsible antibiotic use, she advocates for measures to reduce unnecessary prescriptions, safeguarding against the rise of antibiotic-resistant bacteria. She possesses a keen understanding of the unique challenges facing adolescents today, providing invaluable support to navigate both physical and social complexities.

Pediatrics is the branch of medicine that involves the medical care of infants, children, and adolescents. The American Academy of Pediatrics recommends individuals be under pediatric care up to the age of 21. Pediatricians provide medical care to people ranging in age from newborns to young adults. They are trained to examine, diagnose, and treat children with a wide variety of injuries and illnesses through all of their developmental stages, as they grow and mature.

On a more personal note, Dr. Baker finds fulfillment in her role as a wife and mother, residing in Trumbull with her husband and three daughters. She also enjoys reading and actively engaging with her local community.
