

Natalis Ruby, 5x's Multi Genre Billboard Charting & Platinum Selling Artist, Songwriter & Producer

Latest Single 'Aguanile' - Release Date: 2.29.2024

New York City, New York Feb 28, 2024 ([Issuewire.com](https://www.issuewire.com)) - Natalis Ruby, as a background vocalist, this Nuyorican songbird has also graced the live stage with icons such as Cece Houston, Darlene Love & Mariah Carey. Additionally, she was chosen to be a part of an eclectic group of elite singers, "The Blessed Choir," that contributed to iconic Hip Hop albums such as J Cole's Born Sinner and Kanye West's Yeezus & Life of Pablo under the direction of multiplatinum producer Ken Lewis. Her

participation in Kanye's Grammy Nominated recordings awarded her two Grammy participation certificates and eventually this, in combination with additional indie recordings, catapulted the "Crooked Smile" crooner into becoming a Grammy Voting Member.

Natalis Ruby's newest and most exciting project to date is the upcoming release of her new single 'Aguanile' which is a heartfelt tribute to her Puerto Rican cultural roots and a nod to the salsa legacy her father, a passionate salsero in 70s NYC, shared with her. This release is a key element in her larger project for the year, titled "VIVA," which is an album aiming to weave a narrative celebrating salsa's timeless beauty and evolution while embracing the rich cultural heritage of Puerto Rico.

'Aguanile' is not just an amazing song but also signifies a cultural reclamation and a bridge between generations, blending the classic salsa era with a contemporary touch. Each track on the 'VIVA' album will explore different facets of Latin music, presenting a mosaic of influences that have shaped the genre and highlighting the unique contributions of Puerto Rican culture.

With deep emotional resonance and a commitment to honoring the NYC salsa scene, this project is more than music—it's a personal journey, an exploration of heritage, and an invitation for listeners to join me on a vibrant musical exploration.

So look out for the release of 'Aguanile' on February 29th.
