

Patrick Bitter, MD, a Dermatologist with Advanced Aesthetic Dermatology

Get to know Dermatologist Dr. Patrick Bitter, who serves patients throughout the State of California.

New York City, New York Feb 20, 2024 ([Issuewire.com](https://www.issuewire.com)) - Dr. Bitter is a respected dermatologist, renowned for his expertise in non-surgical skin treatments and anti-aging medicine. As the Founder of

Advanced Aesthetic Dermatology, with practices in both Los Gatos and Beverly Hills, California, he has solidified his position as a leader in the field.

Educationally, his journey into dermatology began with academic excellence, graduating with highest honors in Biology from the University of California before obtaining his medical degree from the prestigious Stanford University School of Medicine. Following this, he completed his dermatology residency at Stanford University in 1986.

Following his training, the doctor attained board certification in dermatology through the American Board of Dermatology, which is a voluntary, non-profit, private, autonomous organization formed for the primary purpose of protecting the public interest by establishing and maintaining high standards of training, education, and qualifications of physicians rendering care in dermatology.

Professionally, he is a proud member of the American Academy of Dermatology and the American Academy of Anti-Aging Medicine, and maintains consultancy roles with medical laser device companies and anti-aging firms, demonstrating his dedication to advancing the field beyond clinical practice.

A pioneer in his field, Dr. Bitter's work in utilizing pulsed light technology for skin rejuvenation has revolutionized the industry. The development of his acclaimed FotoFacial procedure, which harnesses pulsed light to rejuvenate aged skin, has garnered widespread acclaim. His contributions extend beyond clinical practice; he has authored numerous scientific papers that have advanced our understanding of pulsed light's efficacy in skin rejuvenation.

Recognized as a sought-after lecturer and educator, he has shared his knowledge with thousands of physicians worldwide, empowering them to utilize pulsed light effectively in their practices. His expertise has not only earned him acclaim within the medical community but has also led to appearances as a celebrity dermatologist on ABC's Extreme Makeover.

Beyond his professional accomplishments, Dr. Bitter's passion for wellness extends to his role as the dermatologist for the San Jose Sharks National Hockey League Team. His personal achievements as a former USA Triathlon National Champion and two-time Hawaiian Ironman Triathlon finisher underscore his commitment to health and vitality.

Dermatology is the branch of medicine dealing with the skin. The skin is the largest organ of the body. Dermatology is a specialty with both medical and surgical aspects. A dermatologist is a specialist doctor who manages skin diseases and deals with both internal and external causes and some cosmetic concerns involving the skin. Dermatological duties include taking consultations, providing screening tests, and undertaking non-invasive surgical procedures.

As a testament to his success, Dr. Bitter was honored with the prestigious title of Male Dermatologist of the Year at the MyFaceMyBody Awards USA in 2018, an event regarded as the 'Oscars' of the aesthetics industry.
