

SkyStem's ART Named Top 15 Most Innovative Products in The Sociable

New York City, New York Feb 20, 2024 ([Issuewire.com](https://www.issuewire.com)) - SkyStem LLC, a leading provider of automated month-end close automation software, is proud to announce being named one of the top 15 most innovative products of 2024 in The Sociable. As The Sociable dug deep in their network to discover some of the most interesting new products and solutions in today's market, they were pleased to find that they came from a variety of industries ranging from sustainable medical apparel and virtual fashion to financial SaaS and AI-driven banking solutions. SkyStem has been recognized for their award-winning software in the past, in 2019 and in 2021, and are pleased to be recognized among these other hardworking brands for their innovation of their world-class software, ART.

The ways of the world are constantly evolving due to technology; many industries are changing in ways we never saw coming. Let it be known that finance and accounting are one of them, according to SkyStem's ART. Read more [here](#) about how SkyStem takes the automation process for accounting teams to the next level.

About The Sociable

Dissecting tech's relationship with society. *The Sociable* is a technology news blog that picks apart how technology transforms society and vice versa. We delve deep into how technology is used by governments, businesses, and citizens of the world while analyzing its ethical, social, and philosophical implications. Our mission is to discern truths, wherever they lie. We not only inform **what** is being done with technology but also empower a conscious and curious public by showing **how** and **why** technology is being implemented and whether these policies align with the values of a free society.

About SkyStem

Headquartered in the heart of New York City, SkyStem delivers a powerful month-end close solution for organizations seeking to streamline their financial processes. The company's flagship solution, ART, is an enterprise technology that helps CFOs and Controllers shorten the month-end close and the time to issue financials by automating balance sheet reconciliations, managing month-end tasks, performing balance sheet flux and P&L variance analysis, and providing insightful reporting. Our web-based solution streamlines and eliminates up to 90% of manual activities while strengthening internal controls and corporate governance.
