

Beverly Hills Drink Company Elevates the Beverage Industry with Luxury Bottled Water - Introducing Beverly Hills 9OH2O

Beverly Hills, California Mar 11, 2024 ([IssueWire.com](https://www.IssueWire.com)) - Beverly Hills Drink Company, Inc. continues to redefine luxury with the introduction of its flagship product, Beverly Hills 9OH2O. Crafted with meticulous attention to detail and sophistication, Beverly Hills 9OH2O epitomizes elegance and refinement in the bottled water industry.

Inspired by the opulence of Beverly Hills and the legacy of the iconic television series, Beverly Hills, 90210, Beverly Hills 9OH2O sets a new standard for premium bottled water. With its pristine taste, impeccable packaging, and exceptional health profile, Beverly Hills 9OH2O is poised to become the beverage of choice for discerning consumers worldwide.

Since its inception, Beverly Hills 9OH2O has garnered widespread acclaim and recognition. Notably, the water received the prestigious Beverage Innovation Award for the World's Best Still or Sparkling Water, marking the first time an American-made bottled water has claimed this coveted honor.

Jon Gluck, President and Co-founder of Beverly Hills Drink Company, expressed his delight, stating, "We are honored that Beverly Hills 9OH2O has been recognized as the world's best water. This achievement underscores our commitment to delivering unparalleled quality and taste to our consumers."

Crafted to perfection, Beverly Hills 9OH2O boasts a patent-pending formulation designed by leading experts, including Martin Riese, the world-renowned water sommelier. With a pH of 7.5 and the highest level of electrolytes among premium still waters, Beverly Hills 9OH2O offers a refreshing experience that complements fine dining, wines, and spirits with unparalleled precision.

The exquisite taste of Beverly Hills 9OH2O is matched only by its stunning packaging. Encased in a brilliant diamond-like glass bottle, each container undergoes meticulous inspection to ensure purity, freshness, and authenticity. As a result, Beverly Hills 9OH2O transcends utility, becoming a symbol of luxury and sophistication.

Available online and at select locations, including specialty retailers, fine restaurants, and luxury hotels, Beverly Hills 9OH2O is accessible to consumers who appreciate the finer things in life. With its global expansion underway, Beverly Hills 9OH2O is poised to captivate discerning palates around the world.
