

Gene Messenger, DDS, FACCD, DIDIA, a Dentist with Messenger Digital Dentistry PC

Get to know Dentist Dr. Gene Messenger, who serves patients in North Adams, Massachusetts.

New York City, New York Mar 25, 2024 ([Issuewire.com](https://www.issuewire.com)) - Serving North Adams, Massachusetts, in Berkshire County and the surrounding communities since 1993, Dr. Messenger proudly owns and operates Messenger Digital Dentistry PC. Specializing in CAD-CAM, laser technology, and cosmetic dentistry, his expertise extends to implants, with a track record of well over 5,000 successful placements.

Driven by a deep dedication to his patients and profession, Dr. Messenger has been committed to providing the best quality of care by utilizing the latest advancements in dentistry and prioritizing patient comfort. His practice philosophy is to treat everyone the way he would want to be treated.

Beyond his clinical practice, Dr. Messenger actively shares his knowledge and skills as a faculty member at CEREC Doctors, Implant Seminars, and as a visiting faculty at the Spear Educational Center. Through hands-on instruction, he educates fellow practitioners on CAD-CAM dentistry techniques, bone grafting, implant procedures, and sinus lifts, embodying his commitment to advancing dental education and excellence.

A native of Rome, New York, Dr. Messenger received his Bachelor of Science Degree in Biology from Harding University in 1987. He then graduated with his Doctor of Dental Surgery Degree from the University of Tennessee College of Dentistry in 1991.

To keep current with the ever-changing world of dentistry, Dr. Messenger obtains about 300 hours of continuing education a year, including advanced classes in CEREC, implants, and lasers. He also takes his entire staff to educational meetings and conferences to give them the tools they need to provide optimal care to patients.

In January of 2014, Dr. Messenger became certified in Botox, Dermal Fill, and Micro Threading. In March of that same year, he received his diplomate status from the International Dental Implant Association (DIDIA), symbolizing the highest level of competence in implant dentistry.

Among his dental affiliations, Dr. Messenger is currently a member of the American Dental Association, the Massachusetts Dental Society, the Berkshire Dental Society, the International College of Oral Implantologists, World Clinical Laser Institute, and in the past has served as the vice president of the Academy of CAD-CAM Dentistry.

Dentistry, also known as Dental and Oral Medicine, is a branch of medicine that consists of the study, diagnosis, prevention, and treatment of diseases, disorders, and conditions of the oral cavity. Dentists diagnose and treat dental issues and help patients develop better oral hygiene regimens. They clean teeth, correct bite issues, perform surgeries and extractions, and perform other duties to ensure that the teeth and mouth are healthy.

From 2014 to 2019, Dr. Messenger went on several missionary trips to the Dominican Republic where he placed advanced implants and bone grafting surgeries. Now, he visits at least twice a year and helped them to open a dental school by asking large dental companies to donate equipment.

In his personal life, Dr. Messenger lives with his supportive wife, Donna, in Clarksburg, Massachusetts. They have two adult children, Anna Marie who is also a dentist, and Zach. They have two pugs, two cats, two goats, three sheep, four miniature horses, and a pet pig.

During his leisure hours, Dr. Messenger enjoys spending time either at the pool or catching a film at the movies.
