

Golf North Golf: Providing Free shipping On all orders of \$400

A benefit that makes online purchasing more and more popular is free shipping. This is the feature that will probably persuade Canadian consumers to make online purchases. For orders above \$400, Great North Golf (<https://greatnorthgolf.ca/>) offers.

Beamsville, Ontario Mar 26, 2024 ([Issuewire.com](https://www.issuewire.com)) - Free shipping is an increasingly popular perk for online shopping. This is the feature most likely to encourage Canadian shoppers to buy products online. Great North Golf offers free shipping on all orders over \$400. They provide a wide range of products including Golf simulator, Golf Simulator Enclosure, Optoma lumen laser projector, Flush-mount

Projector, Indoor golf hitting mats, Indoor Golf Simulator Kit and many more. Their indoor golf hitting mats are popular with PGA professionals because they are durable and feature alignment lines. Also, their winter golf mats can be used by golf clubs to protect their golf courses in the winter.

One of the disadvantages of online shopping is that there is an additional shipping charge. This drawback was also related to the waiting time for purchases to arrive. Their standard shipping process will deliver your order to you within the promised business days after your order is processed. Shoppers who know in advance that they won't have to pay for home delivery are more likely to spontaneously purchase items they haven't seen online before. As a result, online sellers such as Great North Golf are increasingly using free shipping as a key purchase incentive. Experience the convenience of online shopping at Great North Golf, your ultimate home to purchase

Great North Golf is proud to be Canada's authentic, trusted online store for buying golf-related products like [Holy Grail hitting mats](#), [golf simulators](#), and many more. Their extensive product line offers a variety of options to meet every need. They regularly update our inventory with the latest offers and offer exclusive discounts to save you money on your purchases.

About Us

We, at Great North Golf, are a team that values quality, comfort, and, of course, affordability. As avid golfers ourselves, we created this online platform to give Canadians access to the most affordable and cutting-edge golf simulation products, including the Holy Grail hitting mat and indoor golf hitting mats on the market.
