

K&K Windows Becomes the Exclusive Stockists of Residence 7 Windows in Ireland

K&K Windows, Ireland's leading windows and doors company, proudly announces its exclusive stockist rights of Residence 7 Windows.

Gorey, Wexford Mar 14, 2024 ([IssueWire.com](https://www.issuewire.com)) - K&K Windows, Ireland's leading [windows and doors company](#), proudly announces its exclusive stockist rights of Residence 7 Windows. Often referred to as R7, Residence 7 from the Residence Collection Range is the newest addition to the company's catalogue of incredible windows and doors. This strategic collaboration solidifies the company's position as the premier destination for premium window solutions, setting a new standard for modern living across the country.

At K&K Windows, every product is a testament to their workmanship and durability. The introduction of R7 marks a significant stride towards unrivalled excellence in the world of architectural design. These windows and doors reflect the company's dedication to transforming both the aesthetics and functionality of residential spaces. Proudly serving homeowners throughout Ireland, the company remains steadfast in their mission to revamp spaces and inspire lifestyles through unmatched performance and stunning design.

Embrace the Epitome of Modern Living with Residence 7 Windows

As premier [window and door specialists](#) renowned for their commitment to excellence, K&K Windows brings forth R7, a modern marvel designed to enhance the appeal of living spaces. Engineered with the newest advancements in window technology, Residence 7 windows excel in noise reduction, security, as well as thermal efficiency, setting a new standard for comfort in Irish homes.

The architecture of R7 incorporates a variety of production methods. An old-fashioned mechanical joint offers the perfect substitute for wood. While the joints can be fused diagonally using the mitre welding method for a more modern look, the Graf welding method can be chosen to achieve a smooth diagonal weld. MechWeld/External Timer Look or ETL provides a diagonal weld to the internal face and a timer look to the exterior.
