

MELFI's Latest Single "Praise" - A Dynamic Dance-Pop Anthem That Will Transport You Into a World of Pure Positivity

SONO Music is proud to present the latest single from MELFI, titled "Praise."

New York City, New York Mar 14, 2024 ([Issuewire.com](https://www.issuewire.com)) - In a rousing entry to the dance-pop arena, [SONO Music](#) has just released "[Praise](#)," the exuberant new single that marks an ambitious collaboration between the inventive [MELFI](#) and the vibrant Alpha Moses. This track is an anthem that

bursts through genre boundaries, marrying the rhythmic punch of 90's Hip-Hop with the immersive allure of contemporary soundscapes, resulting in an aural experience that is as nostalgic as it is forward-thinking.

MELFI, emerging from the urban sprawl of Maspeth with a background as eclectic as his music, marries his electrical engineering

expertise to shape soundscapes that defy conventional classification. From the thumping heart of Future House to the breakneck pace of Drum and Bass, his refusal to be pigeonholed into a single genre has become his signature. His passion for dynamic performances has previously energized stages graced by the likes of CASLOW, Chime, and Shlump.

"Praise" represents a new chapter for MELFI and Alpha Moses, a project steeped in mutual artistic trust and creative abandon. For Alpha Moses, often reticent to write to a preset beat, the track's pulsing EDM core proved irresistible, inspiring a lyrical flow that captures the essence of jubilation and self-expression.

Straying from his accustomed darker tones, MELFI's "Praise" is a leap into uncharted territory—bright, life-affirming, and vibrant. It's a sonic depiction of the titular act, a track that uplifts as much as it excites.

Listeners can now immerse themselves in the celebratory beats of "Praise" across all major streaming platforms. With its propulsive energy and heartening message, the track is a testament to MELFI and Alpha Moses's collaborative spirit and musical prowess.

Stay tuned into MELFI's social channels for more sonic adventures and live show announcements.
